CITY TO VOTE ON BONDS

Improvement Issue Goes To Local Voters, Tuesday, July 1

Yes, or No!

By stamping a cross beside one of these words, the residents of Daly City will decide the fate of the Daly City fire department improvement bonds, Tuesday, July 1.

To be passed, the $40,000 bond issue must receive a two-thirds majority at the polls.

Voting will take place between 6 a. m. and 7 p. m. Polling places are as follows: Company No. 5 fire house, Bellevue avenue; Company No. 4 fire house, Peoria street; 99 Evergreen avenue; 151 Wellington avenue; Company No. 1 fire house, Santa Barbara avenue; 4 Woodrow street; Company No. 3 fire house, Westlake avenue; 229 Citrus avenue; Company No. 6 fire house, Werner avenue.

If the bond is passed the $40,000 will be spent for acquisition and on construction of new and additional fire fighting apparatus; replacement of worn and obsolete equipment by new acquisitions; reconstruction of existing housing facilities; construction of new housing facilities and acquisition of necessary sites; and reconstruction and extension of the existing fire alarm system.

The bonds will bear interest of five per cent per annum, payable semi-annually.

Endorsements of the bond issue came this week from the Lions club, composed of 41 Daly City merchants; from Daly City Unit No. 410, American Legion auxiliary; Daly City Post No. 410, American Legion; Old Glory Post No. 2044, Veterans of Foreign Wars; Old Glory Auxiliary, No. 2044, V. F. W.; and the Ladies' Auxiliaries of Campanies No. 1 and 4 of the Daly City Fire department.

Individual merchants and residents of Daly City endorsing the bond issue are as follows:

Bob Witt, Mather Brothers, Joe Zaccheo, Brauns Pharmacy, R. E. Fletcher, L. D. Fletcher, George Mirabella, Venturino & Grolimund, A. J. Gaggero, P. Bennassini, George R. Ferretti, A. Graziani, C. Volkman, L. Martinelli, Ed Ferretti.

Library To Observe Third Anniversary

Riddle: what has much of the knowledge of the centuries, but is itself only three years old?

Why, the Daly City Library, of course! On July 3, the new building will be just three years old. Daly City residents got their first opportunity to visit the improved and enlarged quarters of the library on July 3, 1938. Prior to that time, a small, cramped structure had served the city. The commodious new building is more than twice as large as the original.

The library has two main portions—one, the large, many-windowed reading room which houses 7,000 volumes and the magazines, pictures, periodicals and newspapers for adults; the other, the cheery, gay orange and cream children's room with its tempting books for little tots.

In charge is Mrs. Jean O'Rourk, who has been Daly City's librarian for nearly nineteen years. She is assisted by Miss Mary Lewis. Mrs. O'Rourk has seen this community's library grow from an

More Than Hundred Youngsters Throng to Jefferson High Cafeteria For Special Five Cent Luncheon Each Day

The crowds of happy and hungry youngsters at the cafeteria at Jefferson Union high school are increasing from day to day. Lunch is served, except Saturday and Sunday, from 11:30 a. m. to 1 p. m., under the auspices of the Surplus Foods administration.

Children may buy a good, well-balanced lunch for five cents. This plan has proved to popular that an average of 125 children have bought lunches daily at the high school during the first week. This is the only center where children are served lunches through this government agency in San Mateo county. Last winter ten such projects were under way in this county.

Because the agency does not want to compete with the town restaurants, adults will not be sold lunches at the cafeteria. Being a non-profit organization, it could not compete, except at a great advantage, with ordinary restaurants.

Adults who act as supervisors for groups of children lunching at the high school will be able to purchase lunches there, however.

It is planned, when the organization is further developed, to have twelve cooks.

If sufficient fruit is received—more than is necessary in preparing the lunches—the surplus will be used in canning marmelade. This will be used on the menu during the winter. No vegetables will be canned.

Tomatoes are expected to be rather scarce. Any donation of tomatoes to the organization will be welcomed, according to Mrs. Grace Nelson, in charge of the lunch program.

The lunches will continue through the summer, and, with a reduction of staff, on into winter.

Oh, Boy! Does that look yummy!—or so the fascinated expressions of the youngsters seem to say. To the left is Principal James Ferguson, while at the cash register is Mrs. Grace Nelson, in charge of the lunch program.

Second R-Day Hits Local Draft Area, Tuesday

Approximately 200 young men from the local draft area will be registered on the Second R-Day, Tuesday, July 1, according to government estimates. These will include all those who have reached the age of 21 subsequent to October 16, 1940, and also those between the ages of 21 and 36 who have not previously registered.

Local registration will be held in Room 23 of the Daly City city hall, Mrs. Effie Ford in charge, and at the South San Francisco city hall, where Mrs. Isabelle Flynn is in charge.

California, under the Second R-Day, according to an estimate made by Brigadier General Joseph O. Donovan, state director of selective service, will register approximately 60,000 men. The order for registration, July 1, applies to aliens as well as to citizens of the United States.

General Donovan announced that those not required to register are as follows:

Commissioned officers, warrant officers, pay clerks, and enlisted men of the regular army, the navy, the marine corps, the coast guard, the coast and geodetic survey, the public health service, the federally recognized active national guard, the officers' reserve corps, the naval reserve, and marine corps reserve: cadets, United

Three Attend Boys' State At Sacramento

Approximately seven hundred high school youths from all sections of California are in attendance, this week, at Boys' State in Sacramento. They are learning by actual experience the intricacies of government. Municipal, county and state governing bodies are set up, with the boys operating them.

Jefferson Union high school is represented at the American Legion sponsored session by Robert Grimes, Bayshore, sponsored by Brisbane post No. 473, American Legion; Harvey Melicker, 447 Irvington street, sponsored by Jefferson Union High School P. VOTE "YES" ON THE FIRE BONDS, JULY 1

(Editorial)

There is an old saying which goes, "What was good enough for my father is good enough for me!" True, perhaps, in some respects—but not good policy to be carried out when it comes to fire fighting equipment in a community as large as Daly City.

Bucket brigades, hand drawn hose carts, manual pumps are no match for 1941 fires in thickly settled residential sections or compact business blocks. Neither can 1918 and 1920 trucks and other antiquated equipment substantially cope with a potential conflagration.

There is no question about the fact that much of the equipment now being used by Daly City Fire department is old and inadequate. There is no doubt in any local resident's mind that this equipment should be replaced and the entire fire protection system expanded and improved to keep pace with the rapid growth of this city.

Trustworthy local officials have proposed a bond issue to be voted on, July 1, as an economical, efficient, and quick way by which to furnish means to improve Daly City's fire fighting equipment.

Daly City has an excellent corps of well trained firemen, but they are handicapped by lack of equipment. We reiterate the editorial stand of this newspaper when it said last week, "Vote YES on the fire bonds, July 1. Make Daly City's fire protection equipment worthy of the men who use it!"

Want To Have Fun? You Can -- Right Here In Daly City

You can have a lot of fun in Daly City this summer! And you can learn something, too, if you like.

The summer program of the Daly City WPA Recreation department includes something for nearly everyone.

Four recreation centers will be supervised by eight leaders. Marchbank park will be open every day except Monday, from 10 to 12 a. m. and from 2 to 5 p. m. A baseball doubleheader will be scheduled for each Sunday, the first game at 12:30 p. m. and the second at 2:30 p. m. Supervising the activity at the park are Aaron Brackman and Johnny Rose.

At Jefferson Union high school there are recreational activities in the gymnasium and in the classrooms. The gym is open Mondays, Wednesdays and Fridays, and is being used for badminton and basketball. There will be no badminton tournament during the summer, but a great deal of enthusiastic practice play is going on. Fifty players took to the

Peninsula League Dines At Villa Mateo

Daly City played host to the Peninsula division of the California League of Municipalities, Thursday evening.

Sixty city officials, representing fourteen cities in the district including San Mateo and Santa Clara counties, met at Villa Mateo. The Peninsula division meets every three months, at a different city each time. It has been two years since the group gathered in Daly City.

Richard Graves, of Berkeley, state secretary of the organization, gave an extensive talk on the place of cities in national defense. He also reported on bills up before the state legislature affecting cities.

The purpose of the league is to bring about close cooperation a-

CREATE DEFENSE COUNCIL

Daly City Joins Nation-Wide Drive To Coordinate Efforts

As defense activity climbs steadily to new intensity throughout the country, Daly City joined in the effort, Monday, when the city council passed an emergency ordinance creating a local Defense Council.

The Defense Council will consist of the mayor, as chairman, a secretary, a vice-chairman, and whatever other members the mayor deems it advisable to appoint.

Its duties are to coordinate the activities within the city of governmental and private agencies and of individuals cooperating in the defense effort. It aims to stimulate public interest in defense, and to consider plans for public safety, health and welfare, and to plan a major disaster program.

Through the agency of the Defense Council two committees will be formed: a Committee on Civil Protection, and a Committee on Human Resources and Skills.

Since the ordinance is an emergency measure coordinated with the President's creation of a Council of National Defense, May 28, 1941, only one reading was required to pass the ordinance.

Members of the Defense Council will serve for one year, and may be removed by a four-fifths vote of the city council.

Other business of the city council included the adoption of two resolutions concerning the city

Mrs. Highfield Receives License

Mrs. Helen Highfield, for six years a realtor and notary public in Daly City, passed the difficult contractors' and builders' examination, at Sacramento, June 2, and now is a licensed contractor and builder.

In the examination, which was said to be the most difficult in the history of the examining board, Mrs. Highfield was among the less than 20 per cent that passed.

Mrs. Highfield is one of the few women in the state who have passed this examination. Many hours of study were spent before she felt secure in her ability to pass, but, according to the successful Daly City realtor, her 17 years of experience in real estate was an invaluable help to her.

Daly City Record Publishes Names of Pioneers Honored At Dedication Ceremonies For Marchbank Park

Daly City has grown and developed a great deal in the last 25 years, and during that period many residents now living here have watched the community spring up around them.

RUNAWAYS DECIDE TO RETURN HOME

Two sisters, Estella and Laura Reedy, ran away from their home in Roseville, last Wednesday, but by the time they reached Daly City they had decided that a life of freedom was altogether too arduous.

Exhausted, the girls—one 20 and the other 13—stopped at Stan's Standard service station on Junipero boulevard, and asked to be taken to the police station.

A call to the Daly City police department brought a patrol car for them, and they were taken by Chief James G. Reardon to the Redwood City Juvenile home.

The Redwood City police teletyped to Roseville, and the girls' father came for them the next day.

RAILWAY LABOR UNION DEMANDS WOULD COST 900 Million Dollars A YEAR

THE labor unions have made their demands upon the railways of the United States—and through the railways upon the PUBLIC. These demands are vastly larger in proportion than any they have ever made. The economical and efficient operation of the railways is vital to the nation's defense effort. Therefore, the Western Railways present to the public the following facts:

The labor unions representing engineers, firemen, conductors, brakemen and switchmen are demanding a 30 per cent increase in wages, amounting to 190 million dollars a year—although their present rates of pay are the highest in history.

Other unions representing a greater number of railway employees are demanding wage increases ranging as high as 95 per cent—averaging 47 per cent—and amounting to 580 million dollars a year—although their present rates of pay also are the highest in history.

Thus the wage increases being demanded by the labor unions amount to 770 million dollars a year, an average increase in excess of 41 per cent.

In addition, certain of these labor unions have demanded advances in their pay not included in the above figures, and more rules for the creation of unnecessary jobs.

The situation, then, is this: The total cost of complying with all the demands made would be approximately 900 million dollars a year!

The average weekly earnings of railway employees are now 15 per cent higher than in the peak year 1929, while the cost of living is 12 per cent less.

The demands of the railway labor unions are being made when the entire nation has just been asked to make a supreme effort for National Defense.

The railways cannot meet these demands without a great increase in the cost of transportation. They exceed by more than 700 million dollars the income that the railways had left after paying their annual expenses, taxes and charges in 1940.

The railways have a vitally important job before them. They need all their resources to continue adequately to serve you and contribute effectively toward the National Defense Program.

Play Three Games At Marchbank Park In New Program

Starting off the projected series of weekend baseball games at Marchbank park, three games were played before a large crowd, Sunday, at the new green bowl.

In the feature game at 2:30 p. m. Lachman brothers defeated Alhambra Water 5-2. Batteries for the Lachman nine were Tamalier and Michelucci; and for Alhambra Water, Avehardt and Evanson. Both of these outfits are San Francisco teams.

In the first game, Sunday, the Daly City Juniors came out on top in a tussle with the fast Amazon Boys' club team. This is the Juniors' second straight win. The score was 9-5. The Amazons outslugged the Daly City nine in a wild hitting affair, 13 to 11, but the Juniors staged a five run rally in the sixth inning to put the game on ice. Razzari of Daly City made three hits.

The Daly City Juniors box score is as follows:

	Ab	R	H
Valenti, 3b	4	2	1
Guisti, 1b	3	1	1
Fazzio, rf	3	1	1
Schultz, ss	3	2	1
Chreisten, p	4	1	2
Kelly, cf	1	0	0
Dyer, lf	4	0	1
Razzari, 2b	4	1	3
Huerta, c	4	1	1
	30	9	11

The second game of the afternoon saw the Machinists Union team down the Papenhausen Hardware boys 5-2. The Machinists took an early lead of four runs and were never headed. Batteries for the latter were Shubin and Strain, and for the hardware nine, Kurpinski and Kondoff.

All games were played under the supervision of the Daly City WPA Recreation department.

LEARN TO SWIM!

Already summertime outings to beaches and rivers are taking their needless toll of young lives through drowning.

Many of these tragedies could have been avoided if the victims had known how to swim. It would be well for parents to take steps now to see that their children do know.

As a healthful, invigorating sport, swimming belongs on the list of must-accomplishments of every normal youngster, and so, as a matter of course, does a knowledge of first-aid treatment for submersion as a means of saving the lives of others. Certainly it is better for parents to obtain competent swimming instruction for their children now than to leave such training to chance or luck, or the haphazard coaching of playmates.

Swimming season is here. For the youngsters who don't yet know how, let it also be the season for learning to swim!

Letters About Daly City's Bond Election To Be Held, July 1

Pro

Mr. Al Boynton, Editor
Daly City Record
Dear Sir:

This letter is written relative to the letter in last week's issue of The Record, written by an opponent in regard to the coming Firemen's Bond Election.

The purpose of this letter is to forestall any misunderstanding that might arise due to the contents of the opponent's letter which was signed, a "Member of Company No. 5."

This opponent is an Honorary Member of this Company but has not been an active member since 1927, a mere matter of 14 years. However, that is beside the point, the main purpose of this letter is to assure the people of Daly City that said opponent's objections to the Bond Issue are strictly his own and with which the members of Company No. 5 emphatically do not concur. The active personnel of Company No. 5 are behind the Bond Issue one hundred per cent and sincerely hope that the fair minded citizens of this community can see their way clear to vote "Yes," for these urgently required improvements in their fire fighting equipment.

Respectfully yours,
Members of Company
No. 5

Mr. Chesney, June 23, 1941
Dear Sir:

At our regular meeting of Vista Grande Camp No. 6035, Royal Neighbors of America, the following motion was unanimously passed.

"We the members of Camp No. 6035, endorse the proposed bonds for additional fire equipment."

Sincerely,
Lucy R. Nelson,
Recorder.

To Andy Chesney,
Chief of Daly City Fire Dept.

Our city, to progress, must have a fire department with the best of equipment, and the members of the fire department have recommended these bonds and as taxpayers will have to pay their share.

This city procured its water system, streets, etc., through bond issues.

As a property owner since 1907, former chairman of fire commissioners, and business man, I say "Vote Yes."

C. J. Pettigrew,
47 Hillcrest drive.

74 Gambetta street,
Daly City, California.
June 6, 1941

Mr. Albert Boynton (Publisher),
3317 San Jose avenue,
Daly City, California.
Dear Mr. Boynton:

As one who is interested in the welfare and betterment of our fair city, I should like to take this opportunity of voicing my favorable endorsement of the fire department's improvement bonds.

Daly City is growing, and growing faster than the average person realizes. Those of us who have watched Daly City's fire equipment in action know that it is antiquated and practically obsolete. It is also a menace to the life and limb of the members who operate this equipment. We, here in Daly City, have as competent fire fighters as can be found any place, but our men can be no more competent than the equipment they have to work with.

Daly City's insurance rates rank among the lowest in the state even with this antiquated equipment, and with modern fire fighting equipment it is very obvious that this low rate of insurance will become even lower.

The bonded indebtedness to be incurred for this equipment will be adequately offset by the lower insurance rates.

I realize that the members of our gallant fire department are trying their best to see their efforts of obtaining modern equipment realized, and as one who has been a resident of this city all my life, I shall try to the best of my ability to see that these public servants have the most modern equipment to combat the terrible menace of fire.

This betterment is not only for the members of our fire department, but to the advantage of all of our citizens. I feel that when the voters go to the polls to express their sentiments on this issue, that the good judgment of our voters will prevail, and that this worthy issue will be the wish of a great majority of our voters.

Yours very truly,
Atillio H. Ghiotti.

LOCAL—

Mr. and Mrs. Alex Johnson and three children, 142 Winchester street, will leave Daly City, Saturday, for a two week's vacation in Washington and British Columbia. They will drive to Snohomish and Blane, Washington, to visit relatives; then on to New Westminister and Victoria, B. C.

Library To Observe

(Continued from Page 1)

insignificant collection of a couple of hundred books to its present ample stock of 7,000 books and numerous magazines and periodicals.

Daly City's library is affiliated with the San Mateo County Free library. Its books, in both fiction and non-fiction fields, testify to the good taste and timely interest of the librarians. For instance, a number of the most famous best-sellers of the day are now on this library's shelves: "In This Our Life," by Ellen Glasgow; "Random Harvest," by James Hilton; "They Came To a River," by Allis McKay; "Flotsam," by Enric Remarque; "They Went On Together," by Robert Nathan; "Blood, Sweat and Tears," by Winston Churchill.

Hours for the public are: week days—1 p. m. to 5 p. m., 6:30 p. m. to 9 p. m.; Saturdays—1 p. m. to 5 p. m. The library is closed Sundays and holidays.

Each year for the past three years, the circulation figures have shown a marked increase. In 1937-38, 32,349 books were checked out; in 1938-39, 43,275 were loaned, while in 1939-40 the circulation leaped to 48,784.

Mrs. O'Rourk stated that in the past years readers have shown a growing interest in non-fiction and travel. No doubt a reflection of the times, the new interest in more serious subjects is typical of the trend throughout the nation.

A. J. Bodien Returns From Vacation Trip

"It was the best fishing trip I've ever had in my life!" laughed A. J. Bodien, Daly City water department superintendent, when asked about his vacation trip, yesterday. "And I've been fishing for forty years," he added.

Mr. and Mrs. Bodien motored to their cabin on the Petaluma river in Marin county last week, and report that the fine weather and the thick-running striped bass made it an ideal holiday outing.

The Bodiens stayed at their Marin county cabin for a week. They were visited, Sunday, by Elmer and Maxine Kennedy with their two children.

Deanna Durbin Star Of "Grown-Up" Screen Romance

America's nice girl has grown up into a glamorous young woman.

Deanna Durbin is no longer America's favorite "little girl" of motion pictures.

Instead, Deanna is an even more potentially popular young lady who steps out in all her glamour in "Nice Girl?", coming tomorrow to the Daly City theatre.

The film is Deanna's ninth, and it is expected to take its place among the hits in which the Universal star has grown up from the ingenue sensation of "Three Smart Girls" to the charming young lady seen recently in "Spring Parade."

Producer Joe Pasternak, maker of all the successes starring Deanna, has provided the star her most mature vehicle, combined with what is easily her most outstanding supporting cast to date.

Franchot Tone, Walter Brennan, Robert Stack, Robert Benchley, Helen Broderick, Ann Gillis, Anne Gwynne, Elisabeth Risdon and Nana Bryant are headliners in the supporting cast.

The story presents Deanna as a typical small-town "nice girl" who tires of being one—so she escapes through a romantic escapade with a young New Yorker, played by Tone. Deanna thereby becomes subject of a town scandal which is quelled only after her "engagement" to Tone is announced. Then Tone reappears, to complicate a situation which provides much hilarity before the story reaches its surprise finish.

Pals

Raccoons have an ideal home life, says the National Park service, because the male shares the responsibility of rearing and training the children.

Picture "Life on The Spanish Main" In New Ice Follies of 1941 Number

Life on the Spanish Main with 16 pretty little pirates, old chests full of human gems, and featuring the great Canadian skating pair, Colson and Claudet, make up a brilliant production number, "Pirate Gold," in the new Ice Follies of 1941 now appearing nightly at Winterland, in San Francisco.

Making ice-show history, Ice Follies offers for the first time a group of "Pirate Girls" on a skating surface in the best Ziegfeld or George White manner. Eight Ice Follies ballerinas wear tremendous glorified costumes representing precious stones and metals as the treasure in this pirate number.

Representing diamonds, amethysts, rubies, sapphires, pearls, emeralds, silver and gold, they are the gems which are presented by Osborne Colson, the bold buccaneer, to his lady, Fran Claudet. Decorated with thousands of glittering gems, the parade costumes make a spectacular entrance in the pirate episode.

Seen for the first time as a pair in Ice Follies of 1940, Colson and Claudet, two of the outstanding pair skaters on the North American continent, offer an entirely new routine of pure figure skating. As a high, in a show that is filled with thrilling high points, Miss Claudet and Colson present to perfection the well-known technique of the sport of figure skating. Both of them have held major championships in Canada, and have the happy faculty of translating skill to terms of the show world.

MATOAKA COUNCIL TO CONFER DEGREE

A ceremonial innovation will be tried, tonight, at the meeting of Matoaka council, No. 18, Degree of Pocahontas, Improved Order of Red Men.

The newly elected officers will confer the adoption degree on several candidates. As an encouragement to the new officers, all Matoakans are urged to be present at this meeting, according to Mrs. G. Olive Hoover, of the Matoaka press committee.

Father's Day was celebrated by the organization with a night for the brothers. There was a fine attendance of Matoaka's own brothers, and also Brother George Jones of Minequa council, San Jose, and Brother Henry E. Eiermann, of Miantonomah council, San Francisco.

All brothers were escorted into the tepee by the scouts, introduced to the members, and welcomed by Pocahontas Leona Yakel.

Table decorations were the work of Sister Patricia Schaefer and Marion Welch, and were very clever, winning favorable comment from all. They consisted of balloons with painted faces and white collars and black ties. This was in keeping with the "Brothers' Night" idea.

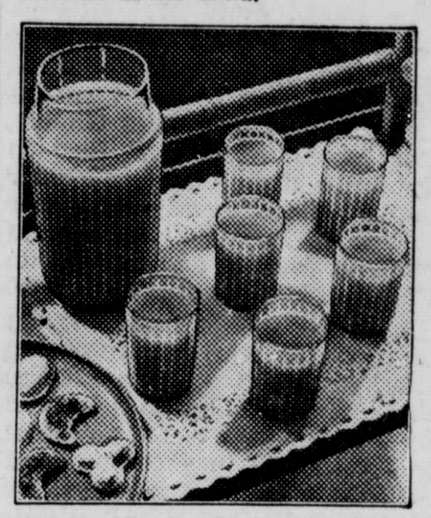
TOMATO JUICE— *a great hot day Refresher*

Dorothy Greig

WHEN you drop in to see a certain friend of mine on a hot day, the first thing she does is hand you a tall frosty glass of tomato juice.

Mary gives everyone tomato juice —cold, lively and tangy right from cans kept chilling in her refrigerator. Her children coming in hot and thirsty get it. And her husband declares she meets him at the door in the evening with a glass of it for him in her hand.



"There's nothing to equal tomato juice as a real perker-up," she says cheerfully. She's right, of course. Besides, tomato juice is one drink appropriate for any meal and for serving any time of day or night.

Tomato juice is refreshing, too, any way you take it—fresh and cold as it pours from the can, or mixed as a cocktail. For instance, here are two delicious hot weather cocktails:

Tomato-Vegetable Cocktail

1 can (14 oz.) tomato juice
1 tablespoon watercress, finely chopped
1 teaspoon chives, finely chopped
1 tablespoon lime juice
1 teaspoon sugar
1 pinch of salt

Remove watercress leaves from stems and chop very fine. Combine tomato juice, chopped watercress, chopped chives, lime juice, sugar and salt. Mix thoroughly and chill. Makes 2 glassfuls.

Tomato-Grapefruit Juice Cocktail

1 can (14 oz.) tomato juice
½ cup grapefruit juice (unsweetened)
1 teaspoon sugar
¼ teaspoon salt

Mix the tomato juice, grapefruit juice, sugar and salt. Chill and serve. Makes 2 glassfuls.

Orchids For A Lady Fisherman In Order

Miss Mary Falbo, 16-year-old Jefferson Union high school senior, had a real fish story to tell her friends, Saturday, when she caught a 22-pound bass. The struggle took place at Mussel Rock.

The fish was quite a match for Mary, and with the help of her father, Joe Falbo, she landed it like an experienced fisherman.

Miss Falbo lives with her parents at 371 Citrus avenue.

News of Daly City's Organizations

Hold Annual VFW Encampment

Converging on Santa Barbara from almost every village, town and city in California, more than twelve thousand delegates arrived there, Sunday, for the twenty-first annual Encampment of the Veterans of Foreign Wars.

This year the five-day session is more serious than at any time in the life of the organization, according to Harold T. Gustafson, department commander, Department of California, Veterans of Foreign Wars. "This is a solemn moment in American history," he added, "and our first duty is to do our full share, perhaps more than our share, in striving to protect our nation from external attack and internal decay. Our members know the grim reality of war. Every one of us has been in actual combat danger. But we also know that there are fates worse than death on the battle field.

"As we see it, our job is to preserve America by working for a united America and against those evil forces that are trying to destroy our democracy by preaching religious, class or economic prejudices which will destroy our national unity."

Resolutions giving complete support to the foreign policy of President Roosevelt will be introduced at tomorrow's business session.

Among the local members from Old Glory Post and Auxiliary No. 2044, V. F. W., attending the sessions are Mr. and Mrs. P. Sunseri, commander of the post, and president of the auxiliary, respectively; Mr. and Mrs. K. V. Doolin, junior past commander of the post, and senior vice-president of the auxiliary, respectively; Mr. and Mrs. M. V. Jensen, eighth district commander, and president of the San Mateo-Santa Clara Counties' council, respectively.

Each one of the ladies was honored with a huge birthday cake and many lovely presents. Lighted candles formed the beginning initials of the honored guests on their individual cakes.

After refreshments were served and congratulations bestowed upon the ladies, an exciting bingo game was held.

The group's regular monthly whist is scheduled for Tuesday evening at 8:45 p. m. at Eagles hall. Mrs. Mary Linhares is chairlady of the evening. Assisting her will be all of the ladies in the organization.

Mrs. Linhares and the other members of the group extend a cordial invitation for the public to attend. According to the group a cash first prize will be awarded the lucky player, and many other lovely prizes have been procured.

More Interest in Sports

Is interest in athletic affairs slackening because of the European war? Not if attendance at baseball games is any criterion. At the Yankee stadium this summer, 84,000 paid to see a game, the third largest crowd in baseball history. And in the Pacific Coast league, Seattle, until June 5, 1940, drew 27,000 more admissions than during the corresponding period in 1939, and Seattle led the league in attendance in 1939. It seems that people want to get away for a couple of hours from the war news in Europe and welcome the opportunity of going to the ball game or playing a bit of golf.

WIRING
Look at what happens when you put too many appliances to work on a wiring circuit. The toaster or other appliances are dopey or slow in action. Bread for example gets toasted in eight minutes instead of five or six. That means appliances are not getting the full voltage and slow down when circuits are overloaded.
When a qualified electric contractor or architect specifies adequate wiring for a home he is thinking of your convenient and economic use of electricity now and in the future. Good adequate certified wiring costs little more than "skimpy" or cheap wiring and it soon pays for itself many times over.
